

REACH

Miranda de Ebro, Spain, February 16th, 2026

Alucoil, S.A.U. has committed to make its products safe and meet its obligations as part of REACH regulation. As a reminder, the aim of REACH is the Registration, Evaluation, Authorization and restriction of Chemicals substances.

For this reason, we have implemented the following action:

- Enter into contact with the suppliers and other partners from our supply chain to confirm their registration of chemical substances covered by REACH. All of this is required to continue offering our products in the market.

From there we confirm that all substances used by our providers have going to be registered into REACH.

Please note that our finished products listed within the articles do not require registration into REACH.

In addition, our products do not contain substances inscribed on the last revision of the candidate list (February 4th, 2026) in a concentration above 0,1% by weight.

Sincerely,

Departamento
Calidad
