Subject: **REACH** (Registration, Evaluation, Authorization and Restriction of Chemicals)

Trespa International B.V. is a producer of High Pressure Decorative Laminates (HPL) which do comply with and which are tested according to the European product standard EN 438.

Trespa International B.V. is aware of the requirements foreseen by the relevant REACH Regulation concerning the chemical substances.

According to this Regulation, Trespa International B.V. is a *downstream user* of chemical substances and for this reason the company is exempt from registration or notification.

In addition, to the best of our knowledge, Trespa's products under the Trespa® brand names, **do not contain** any substances of very high concern (SVHC) above the threshold limit included in the REACH SVHC list at the date of publication of this statement.

Sincerely,

TRESPA International B.V.
