

## REACH Declaration of Conformity

Regulation (EC) No. 1907/2006

*concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals*

The company **Dott. Gallina S.r.l.** with registered office at Corso Galileo Ferraris 70 - 10029 Turin, Italy and production plant at Strada Carignano 104 - 10040 La Loggia (TO), Italy

### DECLARES THAT

- The products placed on the market under the brands **ARCOPLUS®**, **ARCOWALL®**, **PROKULIT®**, **VELARIO**, **ECOTHERM**, **TEGOPLUS®**, **TEGOLUX®**, **TEGOEXTRA®**, **POLICARB®**, **POLICOMP®** and **SCUDO PRO®**, are manufactured by transforming blends of polymers and, where applicable, additives. According to the REACH regulation, mixtures do not require registration; however, the substances comprising them must be registered if subject to REACH. Polymers themselves are exempt from registration (Article 2, paragraph 9);
- No new substances are created during the transformation process, nor are any substances imported directly from outside the EU; therefore, no registration is required;
- All raw materials used in the mixtures are sourced from qualified suppliers, and the accompanying documentation is verified to ensure REACH compliance (including REACH registration numbers or exemption status);
- Based on the production formulations and the results of chemical analyses carried out on the finished products, none of the SVHC substances listed by ECHA at the date of this declaration are used or are present in concentrations exceeding 0.1% w/w;
- No substances subject to authorisation (Annex XIV) or restriction (Annex XVII) are used for the intended applications;
- this declaration is subject to updating for any variation of the SVHC list or annexes XIV and XVII to REACH. Until then this document remains valid.

This declaration applies to the final product as delivered to the customer and does not cover any subsequent modifications..
