

REACH Declaration of Conformity

Regulation (EC) No 1907/2006

concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals

The **Dott. Gallina S.r.l.** company with registered office at Corso Galileo Ferraris 70 - 10029 Turin, Italy and with factory at Strada Carignano 104 - 10040 La Loggia (TO), Italy

DECLARES THAT

- products belonging to the **arcoPlus[®]**, **arcoWall[®]**, **Prokulit[®]**, **Velario**, **Ecotherm**, **TegoPlus**, **TegoLux**, **PoliCarb[®]**, **PoliComp[®]** and **Scudo[®] Pro** series products, which we place on the market, are manufactured by transforming blends of polymers and additives, if any. According to the REACH regulation, mixtures do not have to be registered, but the substances making up the items must be registered, if subject to REACH itself. In accordance with the REACH regulation, polymers as such are exempted from registration (Article 2, paragraph 9);
- no new substance is created during the transformation process, nor is imported directly from outside the EU, therefore there is no requirement for registration;
- all the raw materials that make up the "mixtures" are purchased from qualified suppliers and a verification of the accompanying documentation is carried out, so that they comply with REACH (accompanied by the REACH registration number or exempt);
- in its own items, according to the production recipes and based on the results of chemical analyses carried out on the above items, none of the SVHC substances contained in the list published by ECHA at the date of signing this document are used, nor are considered to be present, in a concentration greater than 0.1% w/w;
- no substances subject to authorization (Annex XIV) or restriction (Annex XVII) regimes are used for the intended uses;
- this declaration is subject to updating for any variation of the SVHC list or annexes XIV and XVII to REACH. Until then this document remains valid.

This declaration is valid for the finished product in the conditions in which it is delivered to the Customer, while it does not cover any subsequent alterations.

La Loggia, 10/02/2022
