

LUMEX® A and LUMEX® G Classification according to EN 13501-1

Dear Sir or Madam,

Classification reports according to EN 13501-1 are not limited in validity due to the amended European standards. Since the products LUMEX® A and LUMEX® G remain unchanged in composition and build-up, the following classification reports remain valid for the current production in 2025, too:

- No. WF 393897, dated January 4th 2018, issued by Exova Warringtonfire,
- No. WF 397680, dated March 21st 2018, issued by Exova Warringtonfire,
- No. WF 397682, dated March 21st 2018, issued by Exova Warringtonfire,
- No. WF 415987, dated September 3rd 2019, issued by Warringtonfire.

We are currently in the process of updating our products. We will keep you informed as soon as further results are available. In the meantime, please do not hesitate to contact us if you have any questions or require additional information. The company has established and maintains a quality management system according to ISO 9001, which is approved by the certification body NSAI. Please find attached the latest quality certificate. A factory production control (FPC) is in place. This includes implemented control plans to guarantee incoming goods and products meet specifications. We will keep you informed as soon as further results are available. In the meantime, please do not hesitate to contact us if you have any questions or require additional information.

Best regards,

Cathal Hawkins
