

Statement on the suitability of Marpet-g for Food Contact applications.

Marpet-g products are manufactured by Brett Martin using resins that are in accordance with the following European food contact regulations.

- **EU Regulation 1935/2004/EC**
- **EU Regulation 2023/2006/EC**
- **EU Regulation 10/2011/EC** as amended by **EU Regulation 2020/1245**

Brett Martin has not conducted any further food contact compliance testing on Marpet-g sheet products and, as such, it is the responsibility of the manufacturer of the final food contact material or article to ensure that the material or article is compliant.

Due to the ever-changing nature of EU Regulations, the resins used by Brett Martin may become ineligible for food contact applications at any time. It is the responsibility of the purchaser of Marpet-g sheet products to confirm the availability of suitable product at the point of enquiry.

If you have any further queries, please do not hesitate to contact us.
