

Produktinformation

**EUDR: EU Regulation 2023/1115/EU / 2024/3084/EU
Deforestation Regulation**

The EU Deforestation Regulation (EUDR) requires companies, once it comes into force (expected from the end of 2026), to ensure that certain raw materials such as soya, cocoa, coffee, palm oil, rubber, cattle, timber and products made from them comply with the requirements of the aforementioned Deforestation Regulation.

We hereby inform you that the products or product families listed below are not covered by this regulation in accordance with our current product ranges.
