Substances of Very High Concern (SVHC) Absence of SVHC

Dear customers,

on 04th of february 2026 the ECHA (European Chemicals Agency) published a new candidate list of substances of very high concern. This list will be revised regularly as new substances are identified as SVHC.

Our suppliers have confirmed that there are no SVHC (Substances of Very High Concern) are intentionally added to the following products:

HIPS virgin
ABS Standardtype virgin
Fridge virgin
PSEL virgin
PSPE virgin
ABS/PMMA glossy type virgin
ABS/PMMA matt type virgin
ABS matt type virgin
ABS HH virgin
PC/ABS virgin
ASA matt type virgin
ASA glossy type virgin

In our extrusion process no SVHC are added either. We herewith confirm the absence of SVHC.

We will permanently perform our duty to supply information and will immediately inform you if related materials purchased by our suppliers contain SVHC.

With kind regards,

Universal POLYTHEX Kunststoffe GmbH
